Paint Memphis is a nonprofit 501(c)3, that changes the landscape of Memphis through its large, collaborative paint project involving local, national, and international artists. Our one-day festival highlights the best street and mural art in the South. We welcome all types of artists and styles. We appreciate our diverse artists, who donate their time and talent each year to our mission of building community through art.

Your sponsorship enables us to give artists the equipment and materials they need to create public art that is accessible to all Memphians regardless of socio-economic class, geography, or ability
